This course is designed to familiarize the singer (and pianist) with the Lied repertoire through an informed system of analysis, listening, presentation and performance. The course will entail an ongoing combination of listening, analysis, presentation and performance of assigned repertoire and projects. Participation in class is a vital component of the course, therefore ATTENDANCE IS MANDATORY and will be reflected in the final grade

Learning Outcomes

Students can expect to:

Increase their understanding of the Lied repertoire.

Develop an awareness of ensemble issues inherent between singer and pianist in the Lied genre.

Learn to address and identify issues of performance and performance practice through the analysis of ‘in class’ performance.

Accommodation for Medical Illness

As of May 2008, the University has a new policy on Accommodation for Medical Illness, www.uwo.ca/univsec/handbook/appeals/medical.pdf, which states that “in order to ensure fairness and consistency for all students, academic accommodation for work representing 10% or more of the student’s overall grade in the course shall be granted only in those cases where there is documentation indicating that the student was seriously affected by illness and could not reasonably be expected to meet his/her academic responsibilities. Documentation shall be submitted, as soon as possible, to the appropriate Dean’s office...” Accommodation for documented medical absences will be considered for work worth less than 10% of the final mark. This will be completed in the last class of the semester.
